

## VENIRE REPORTS IN BISBEE TRIAL

Bismarck, Ariz., Feb. 14.—The trial of Harry E. Venire, hardware dealer, accused of kidnapping an aid in the department of 1918 striking copper miners and their sympathizers from Bisbee in 1917, entered its third week today with testimony of the last venire of 100 names reported for duty.

Because of the large number of veniremen it was considered impracticable that examinations of prospective jurors would be undertaken today because of the large amount of clerical work involved. Seventeen men are now in the jury box tentatively accepted by both sides. When 24 have been named half will be accused and half will be prospective jurors and protection.

Obtaining jurors is increasingly becoming more difficult because of statements of veniremen examined they possess fixed opinions. Examinations last usually but two or three minutes when this answer is given by sentence.

## El Paso Community Service Club Takes Place of Khaki Club

The Khaki club is no more. The club is there, but the name is changed. It is now the El Paso Community Service Club, Mrs. W. G. Butler, district educational and recreational officer, announced Monday. This club along with other service clubs and all other camp activities is being supervised by Mrs. James H. Reilly of Washington, D. C., camp activities officer, and Capt. John H. Reilly, assistant to the district educational and recreational officer. The inspectors arrived in El Paso Monday. They report conditions good all along the border, except for the fact that camp movies have been burned until the "c" epidemic is over.

**STOLEN FORD CAR FOUND;**  
**ANOTHER REPORTED STOLEN**  
A Ford roadster stolen February 12 from F. H. Knapp was found by the police Sunday night in an alley near Stanton and San Antonio streets. The car apparently had been abandoned by the thief.

A report of E. H. Mann to the police Monday morning was to the effect that a stolen Ford car had been found in the car in front of his home at 1707 West El Grande street, Sunday night.

## May Ask Black To Treat Them While In Jail

Patients of Dr. Byron L. Black, the chiropractor who is now serving a 24-day term in the county jail on a charge of practicing medicine without a license, are to hold a mass meeting this evening in his office in the Capitol building to take steps to secure his pardon, if possible, by Gov. Hobbs.

The patients assert that they are suffering for lack of treatment while he is confined. Many say that they had received no relief prior to taking his treatment and that it is necessary to their health to be able to get his treatment.

P. R. Franklin stated to The Herald Monday that his lay, suffering with paralysis, was improving rapidly under the treatment of Dr. Black and that if the doctor is not released, he is going to appeal to Sheriff Seth Orndorff to permit him to take the doctor to the jail for treatment. He said he had taken the doctor to many other doctors, but had failed to get relief for him.

His women patients of Dr. Black called on The Herald Saturday to thank the press for the editorial stand it had taken in Dr. Black's behalf. Mrs. Tony Escobedo, one of the callers, said the doctor had treated one of her children, which was anemic and sickly, and had restored it to complete health.

## POLICEMAN SAYS SOLDIER DRANK LIQUOR IN PUBLIC

Police captain W. A. Simpson saw four men standing at Mills and Mesa streets, Saturday night. He said he watched the four, who were soldiers, as one drew from his pocket a flask and took a drink, and the other three took the bottle in his pocket. Simpson arrested the man.

At police headquarters Corp. James O'Leary, troop B, seventh cavalry, was held pending an investigation by federal authorities of his alleged violation of the liquor laws.

**LADY LUCK GOETH! SLEUTHS  
INTERUPT EARLY CRAP GAME**  
Eleven men were arrested Sunday morning at an early hour by city detectives in a house on Magoffin avenue, where officials say the men were shooting dice and playing poker. The men were booked on vagrancy and released on bonds of \$5, with the exception of one, who furnished \$25 bond for his appearance in police court.

## Visitor Hangs Self From End Of Hotel Bed

When the proprietor of the Locke hotel entered a room in the building late Saturday afternoon, he found the body of a guest, registered as Eugene Miller, of Indianapolis, suspended from the foot of the bed with a rope made of a torn dresser scarf. Following an inquest the body was removed to the morgue at 146 Texas street, where it is held pending a search for relatives.

Justice of the peace R. H. Rawlins conducted an inquest and decided death was due to hanging. Testimony failed to show a motive for the act as the man apparently was in good health and had liberty bonds and currency amounting to \$450 in his pockets.

The proprietor stated that the man rented the room at 10 o'clock in the morning and locked the door. When he failed to leave the room during the day the proprietor investigated, and found the man dead. The body was suspended in a peculiar manner, which indicated that after arranging the corpse the man had placed himself in a sitting position so that his body was suspended about 4 inches from the floor.

The man carried a membership card in the Moose lodge of Indiana. Telephone inquest regarding him has been made of the lodge.

## Local C. Of C. Has An Industrial Department Now

Formal announcement of the establishment of the industrial department of the chamber of commerce and its purposes is made by the chamber in a news letter sent to all members and other citizens of El Paso.

The department, the letter says, is organized to foster and protect the industrial business interests of El Paso and adjoining territory, to establish equitable industrial conditions for employers, employees and the general public. Other objects to be attained are given as follows:

To prevent and avert industrial disturbances to harmonize differences between employers and employees, with justice to all concerned, and to insist on the enforcement of the laws of the land.

To oppose restriction of output, sympathetic strikes, lockouts and boycotts, and illegal persecution of individuals, all of which is a menace to the industrial progress of our community and our country, and tend to the undermining of constitutional rights.

To secure for employers and employees the freedom of individual contract in the matter of employment. To insure every one his right to earn a living regardless of his membership or non-membership in any organization.

To prevent any interference with peaceful working through the use of force to work and earn an honest living. To protect every one in his law, rights, and property, and to see that he does not encroach on the rights of others.

## Southwest Auto Show To Be Held April 8, 9 And 10

The El Paso automobile show will be known as the Southwest Automobile Show, according to a decision of the show committee Monday morning, and will be held on April 8, 9 and 10. The committee announced dates of April 7, 8 and 9. The change in date was made to avoid conflict with the religious holiday ending Easter Sunday, April 4.

E. W. Bittick and D. C. Hackett, in charge of the show, suggested that only four more automobile display spaces remain. Arrangements will be made for truck displays and tractor displays on Kansas street, where tents will be erected to house them. V. M. Russell will have charge of the program, and according to present plans an elaborate affair will be provided.

Musical entertainment to cost nearly \$1000 was arranged for at the committee meeting. Bittick's orchestra was retained for the dances, which will be held on all three nights, and present plans include the use of a military band on the first night, to be known as opening night; the Jazz military band, the second, or international night; and the El Paso Symphony orchestra for the third night, which will be known as society night.

## Ultimate Consumer in El Paso Must Pay for Wage Increase in East

How high wages in eastern textile mills affect retailers and ultimate consumers of clothing in El Paso was described Monday by an official of the chamber of commerce who told of an El Paso business man who has to pay 150 percent more for his suits than he could get for the same suits in the east.

The merchant had a standing order at this season of the year of 100 suits of clothes for his store. He paid \$100 for the suits but he has to pay \$150 a piece for them—the same suit he once got for \$10.

Wholesale and retail companies have to pay more, due to higher wages. It was shown, in fact, that wages in the east are so high that workers laid off half the time. It was shown that suits of the Amalgamated Garment workers' union cost \$100 a suit, but the suits of the other workers cost \$150 a suit. The suits of the other workers cost \$150 a suit, but the suits of the other workers cost \$150 a suit.

## NEW YORK TRAFFIC SLOWLY BREAKING HEAVY SNOWDRIFTS

(Continued from page 1.)  
A six inch fall of snow was accompanied by a 15 mile an hour gale and temperatures near the zero mark. Traffic from east to west, south and north was suspended for more than 24 hours.

The storm came on the heels of a cold wave from the north, which had wiped out the snow and left the roads icy. The cold wave from the north, which had wiped out the snow and left the roads icy. The cold wave from the north, which had wiped out the snow and left the roads icy.

## HEAVY SNOWS IN EAST DELAY WESTBOUND TRAIN TRAFFIC

Cleveland, O., Feb. 15.—Heavy snows in the east have delayed all trains from east to west, and freight trains from west to east. The delay is expected to continue for several days.

## INJURIES PROVE FATAL TO DOCTOR

Funeral arrangements for Dr. R. B. Bryant, 37 years old, formerly of Meridian, Miss., and president of the Chickasaw oil and mining company, who died at 3 o'clock Saturday afternoon in a local hospital as a result of injuries received in an automobile accident Saturday morning near Newman, N. M., are deferred pending the arrival here of Mrs. Bryant Monday evening.

The car in which Dr. Bryant was riding was driven by C. Cox, secretary of the oil company. A built on the radius rods had slipped off and when the machine struck heavy sand it overturned, pinning Dr. Bryant beneath it and crushing his ribs. An ambulance from El Paso was summoned and the injured man was brought here.

Dr. Bryant was widely known in Meridian, Miss., and in the Texas oil and mining industry. He had other oil holdings in the Texas oil and mining industry. He had other oil holdings in the Texas oil and mining industry. He had other oil holdings in the Texas oil and mining industry.

Word was received in El Paso Sunday morning to the effect that Dr. R. B. Bryant, who lives on a ranch near Yuleta, Ill., where he had gone to attend to his son, Edward Bryant, who was seriously ill there. No word regarding funeral arrangements has been received, but it is expected that the body will be buried at the old family home 20 miles from Yuleta.

Mr. Bryant was ill at the time he left for Illinois and was accompanied by his daughter, Miss Lita Bryant, business secretary for the R. W. W. Co. in El Paso. In addition to this daughter and the son in Yuleta, Illinois, he had a son, Dr. R. W. Bryant, who is a surgeon in El Paso.

**CALLS BY FATHER'S DEATH.**  
A. M. Badouh has been called to El Paso by the death of his father, Mitchell Badouh, 85 years old. Surviving the father are his wife and two daughters, and another son, R. M. Badouh.

## ORDERS FAVORABLE REPORT OF KENYON-KENDRICK BILL

Washington, D. C., Feb. 15.—The senate agriculture committee has ordered favorable report of the revised Kenyon-Kendrick bill providing for federal regulation of the meat industry.

As revised the measure proposes a livestock commission of three to take over the duties of the federal bureau of markets and the department of agriculture. The commission will establish regulations for the meat industry.

Voluntary registration of the packers and stockmen is provided and appeals to the federal courts could be taken from the commission's decisions. The bill provides for a fine of \$10,000 and imprisonment of from six months to two years for violation of the regulations.

The bill would repeal various existing anti-trust acts applicable to the packing industry.

## MISSOURI ELECTION SEEN AS G. O. P. REPUTATION

Washington, D. C., Feb. 15.—Election of Capt. Jacob L. Milligan, Democrat and leader of national advocate, over John E. Frost, Republican and leader of national advocate, in Saturday contest in the Missouri congressional district was hailed by many as a victory for the Democratic party.

President Wilson received the following telegram from F. M. Mayor of Jefferson City:

"Missouri's 'show me' district, Third, indicates its loyalty and its commendation of your administration by a majority for Milligan of 2260. I desire to express to you my pleasure and sincere congratulations."

## BRYAN FORECASTS PLANKS IN DEMOCRATIC PLATFORM

Cleveland, O., Feb. 15.—The Plain Dealer today published an interview with William Jennings Bryan, in which he forecast the planks in the Democratic platform for the coming year.

Mr. Bryan says he does not attempt to dictate, but merely summarizes his beliefs and the views of his associates. He places the more important planks in the platform in the following order:

1. Enforcement of the administration of President Wilson; national prohibition; reorganization of the government; enforcement of military training; opposition to profiteering; taxation; labor problems; public ownership.

## Be Young In Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercise of out door sports with the vigor and enthusiasm of youth! But the end of the week finds you all in—you are tired, listless and lack the energy to go out for a vigorous walk or a round of the links—or any other exercise that requires much physical exertion. Many a man, even in his middle forties, has a vague feeling that he is "getting old"—and right at a time when he should be at his very best physically.

And he is growing old, not in the sense that the years are pressing heavily upon him—but in the sense that his vital forces are wasting away faster than Nature replaces the worn out tissues.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check this tendency to grow old. You can carry your youth up to the very end of your life. But you must give Nature all the help you can. The best assistance you can find is a sound, constructive exercise in the use of
